
SPARKPOWER™

HIGH VOLTAGE

END-TO-END SOLUTIONS TO PROTECT AND PROLONG YOUR HIGH VOLTAGE ASSETS.

Your power service provider should help you combat the rising cost of power, and deliver timely and responsive solutions. Leverage the experienced group of high voltage (HV) specialists at Spark Power for complete electrical solutions to handle all your industrial, commercial, or utility (ICU) needs.

COMPREHENSIVE, CUSTOM, AND COMPLETE SERVICE

Access best-in-class high voltage technical services via highly trained and experienced engineers and tradespeople:

Engineering studies

Advice and support for power systems optimization:

- Device coordination studies
- Arc flash studies
- Ground system studies
- Short circuit analysis
- Power quality studies

Commissioning

Independent commissioning services for new and retrofitted infrastructure:

- Device and equipment testing and verification
- Function testing
- Protection and control testing

Construction

Full-service delivery and construction of HV equipment for new or existing facilities:

- Substations up to 230kV
- Utility and ICIU substations
- Overhead and underground powerlines up to 230kV

PREVENTATIVE AND PREDICTIVE SOLUTIONS

Keep your high voltage equipment in top operating condition with customized, proactive service designed to minimize unwanted downtime:

Maintenance

Preventative maintenance and troubleshooting for your high and medium voltage assets:

- Transformers
- Switchgear
- Protection and control
- Cables and lines

Diagnostics

Advanced and ongoing analysis to help avoid costly outages and repairs:

- Thermographic scans
- Insulating fluid services
- Power discharge testing
- On-load tap charger analysis

HEALTH AND SAFETY

When it comes to safety, **only zero is acceptable. Zero** accidents at work. **Zero** compromise to prioritizing safety.

Spark Power is a leading independent provider of end-to-end electrical services, operations and maintenance services, and energy sustainability solutions to the industrial, commercial, utility, and renewable asset markets in North America. We work to earn the right to be our customers' Trusted Partner in Power™. In the state of California, we operate under license #533593. In the state of Texas, we operate under license #TECL-34613.
