

SPARKPOWER™ LOW VOLTAGE

EFFECTIVE AND EFFICIENT PRODUCTS AND SERVICES FOR ALL YOUR LOW VOLTAGE NEEDS

Whatever your industry, reliable electrical equipment and systems are critical for remaining productive and profitable. Low voltage technical services from Spark Power provide quality products and end-to-end service; on time and on budget.

ELECTRICAL SERVICES

Get your facility up and running with new system installations and keep it efficient with ongoing maintenance.

Installation services

End-to-end low voltage installation services

- Project management
- Design engineering
- Greenfield plants
- Plant expansions
- Base building
- Process equipment
- Equipment installations and relocations

Plant services

Solutions to help your plant operate at peak performance with minimal downtime

- Plant service upgrades
- Equipment upgrades
- Lighting audits
- Maintenance and troubleshooting
- 24/7 emergency service
- Maintenance shift coverage
- Infrared scans

Plant energy initiatives

Identifying and implementing ways to increase power efficiency and reliability

- LED lighting upgrades
- Generator installations
- Battery installations
- Power factor correction
- Variable frequency drive (VFD) solutions

AUTOMATION AND CONTROL SERVICES

Tailored solutions and services to keep your plant or facility running reliably.

Electronic repairs

Simple or complex, our technicians find the problem and restore the health of your equipment fast

- Circuit boards
- VFDs
- PLCs, HMIs including interfaces and monitors
- Power supplies/inverters
- VFD preventative maintenance programs

Industrial automation

Turnkey solutions and end-to-end modification of existing control systems to improve performance and optimize your return on investment

- Machine automation and integration
- Safety upgrades
- Data collection and reporting solutions
- Robotics
- Vision applications

Control panels

Building custom control panels according to your specific project needs, budget, and timeline

- Panel design
- Fabrication & testing
- Training & documentation
- CSA/UL approved

HEALTH AND SAFETY

When it comes to safety, **only zero is acceptable. Zero** accidents at work.
Zero compromise to prioritizing safety.

Spark Power is a leading independent provider of end-to-end electrical services, operations and maintenance services, and energy sustainability solutions to the industrial, commercial, utility, and renewable asset markets in North America. We work to earn the right to be our customers' Trusted Partner in Power™. In the state of California, we operate under license #533593. In the state of Texas, we operate under license #TECL-34613.
