

CUSTOM CONTROL PANELS

CUSTOM PANELS AND ENCLOSURES TO BOOST PRODUCTION, PERFORMANCE, AND PROFITABILITY.

Control panels and enclosures are vital components of your power systems. They must be intuitive, easy-to-use, and fit within your existing equipment infrastructure. Spark Power specializes in custom single and multi-door custom panels and enclosures to you're your business productive and competitive, all of which are Canadian Safety Authority (CSA) and/or Underwriters Laboratories (UL) approved.

END-TO-END SOLUTIONS

Start-to-finish service delivers enclosures, boxes and units, stations, and systems made to fit your project, operational, and budgetary requirements.

Engineering & design

- Functionality requirements
- Input/output (I/O) diagrams
- Backplate layouts
- Bill of materials
- Programming

Certify & build

- Calibration
- Build to CSA and UL
- All special certifications
- Food washdown
- Explosion proof
- General use
- FAT

On-site install & commissioning

- Cable identification
- Retrofits and upgrades
- Site acceptance testing
- Training /handoff
- Final presentation of documentation

SOLUTIONS FOR ANY SIZE, SCOPE, OR COMPLEXITY

Custom control panels

- Control Panel Design
- CAD Drawings
- CSA/UL Certification
- FAT
- Programming
- Installations
- OEM Panel Assemblies

Low voltage technical services

- 309A electricians
- OEM equipment Commissioning
- Post project maintenance
- Emergency electrical service
- Maintenance shift coverage

Your Trusted Partner in Power™

- Renewable energy
- Energy efficiency
- Plant expansion
- Electrical engineering services
- Maintenance service contracts
- Distribution systems preventative maintenance

HEALTH AND SAFETY

When it comes to safety, **only zero is acceptable. Zero** accidents at work.
Zero compromise to prioritizing safety.

The background image shows a close-up of an electrical worker wearing a hard hat and safety glasses, working on a complex electrical panel with many wires. The Spark Power Corp logo is overlaid in the center. The logo consists of the word 'SPARKPOWER' in a bold, white, sans-serif font, with a stylized lightning bolt symbol integrated into the letter 'P'. Below this, the word 'CORP' is written in a smaller, white, sans-serif font, flanked by two horizontal lines.

SPARKPOWER®
— C O R P —

Spark Power Corp (“Spark Power”) is the leading independent provider of end-to-end electrical services, operations and maintenance services, and energy sustainability solutions to the industrial, commercial, utility, and renewable asset markets in North America. We work to earn the right to be our customers’ Trusted Partner in Power™. Our highly skilled and dedicated people, located in the communities we serve, combined with our knowledge of the power industry, technology expertise, and commitment to safety ensures we deliver the right solutions to our customers’ that keep their operations up and running today and better equipped for tomorrow.
