

REMOTE OPERATIONS CENTER

Dedicated remote monitoring center offering 24/7 asset monitoring, controls, and technician dispatch, as well as integration into multiple SCADA systems.

FULL SERVICE

Providing end-to-end electrical contracting, operations and maintenance services for industrial facilities, renewable asset owners,

EXPERIENCED

Over 1000 highly skilled, dedicated, technicians have the knowledge and expertise to deliver solutions from consultation & design through to

RESPONSIVE

We mobilize our dedicated technicians quickly and efficiently to your site to optimize your facility, minimize downtime, and maintain

Spark's current operating portfolio includes over 6,500MW of renewable assets supported, over 40 utility assets monitored, and over 600 commercial assets monitored.

24/7 Monitoring and Control

Our operators monitor and control SCADA and DAS systems on our customers' behalf. Identifying under performance, offline equipment and outages. Currently utilizing most major platforms, with capabilities to onboard onto our internal system.

Dispatch and Coordination

We help you maximize output by coordinating with field personnel, utilities, and asset managers to deploy technicians and perform repairs and maintenance.

Reporting & Analysis

We provide customized reporting and analysis to help asset managers and owners to continually optimize asset performance.

NERC/CIP Compliant

Partnered with GridSME's NERC Reliability & Compliance team to tackle the CIP and O&P requirements for GOP registration across North America.

Proactive Issue Detection

Identify potential failures early, preventing costly disruptions and downtime.

Seamless Asset Integration

Combine all assets into one platform for efficient, streamlines.

Critical Response Services

Receive real-time notifications for immediate action on critical issues.

Data Security

Protect data with advanced cybersecurity protocols and encryption technology.

Predictive Maintenance

Schedule maintenance using analytics, reducing breakdowns and costs.

Custom Dashboards

Tailor dashboards to track essential metrics and optimize asset performance.
