

EQUIPMENT SALES AND RENTALS

Spark Power's sales and rentals department is ready to provide you with quick access to the equipment you need, including how and when you receive it.

FULL SERVICE

Providing end-to-end electrical contracting, operations and maintenance services for industrial facilities, OEMs and utilities across North America.

EXPERIENCED

Over 1000+ highly skilled, dedicated, technicians have the knowledge and expertise to deliver solutions from consultation & design through to installation & maintenance.

RESPONSIVE

We mobilize our dedicated technicians quickly and efficiently to your site to optimize your facility, minimize downtime, and maintain your productivity.

Equipment Sales:

Take ownership of your electrical equipment. Select new, used or refurbished assets that meet performance standards mandated by the Canadian Safety Association (CSA), Electrical Safety Authority (ESA), and Underwriters Laboratories (UL).

Refurbished and Tailored Solutions:

We offer custom additions or modifications to medium and high voltage equipment, providing easy integration into new or existing infrastructures.

Emergency Delivery and Installation:

If your equipment fails, we're here to provide emergency services and ensure you keep downtime to a minimum by meeting rush delivery for sudden equipment failure or safety-compromised situations.

We offer medium and high voltage equipment that fits your project's requirements, schedule, and budget.

Arresters

Protect your power investments from over-voltage incidents. Select distribution, intermediate, and station arresters ranging from 2.55 kV to 39 kV.

Transformers

Choose from low and medium voltage dry 3 phase transformers (45 kVA - 2,000 kVA), oil 3-phase and single-phase, padmount, station type, and TLO/visible break units are also available (1,000 - 3,000 kVA).

Fuses

We offer low, medium, and high voltage fuses starting at 4.16 kV and up to 46 kV. Supplemental components like rails, holders, and clusters also available.

Switches and Switchgear

We supply rugged, reliable, and ready-to-work metal enclosed switchgear, pole mount, and tower mount switches.
