

SERVING THE HOUSTON (GULF COAST) REGION

We're excited to welcome you to Spark Power's Houston branch! As Spark's Gulf Coast hub, we offer fully integrated, end-to-end solutions to meet all your electrical needs. Our 15,000 sq. ft. facility provides you with a wide range of electrical services, including:

- 24/7 customer support through our low, medium, and high voltage electrical contracting and service division, with a strong focus on the industrial sector.
- Support to execute a range of construction projects — from commercial to industrial and renewable energy generation sites.
- Complete electrical engineering and testing services.
- Utility construction and maintenance for high voltage projects of any size, including full substation projects.

"We are proud to be locally serving the Gulf Coast region with reliable, end-to-end electrical services. From low to medium and high voltage projects and emergency support, including response to extreme weather events, Spark is proud to provide our customers with trusted service that meets their needs." - **Tim Strickland, Regional Account Manager, Gulf Coast, Spark Power**

"The Spark team is always ready to meet the needs of our customers, from industrial to commercial and manufacturing. Our in-house capabilities are both local and end-to-end, which means we can create quick and highly customized solutions with little to no downtime for your facility." - **Tyler Strickland, Branch Manager, Gulf Coast, Spark Power**

About Spark Power

Serving over 5,500 customers across North America from our 35+ local branches, Spark is a leading independent provider of turnkey electrical services. With safety as our number one priority, our highly trained team is in your community and ready to meet all your power needs.

Spark's Pole-to-Product services mean that we can design, install, and service electrical systems, providing you with end-to-end support. Through our specialized facility, we can execute large fabrication projects in-house and provide a strategic location for staging and servicing your sites throughout Texas.
