
SPARKPOWER™

SYSTEMS INTEGRATION

TURN-KEY DESIGN SOLUTIONS FOR COMPLETE ELECTRICAL SYSTEMS INTEGRATION

Spark Power's dedicated team of technical service experts simplify the delivery of your automation solutions with a customized full scope of end-to-end services, providing a single vision for your projects - from planning and installation, to programming, testing, and maintenance. With onsite programming and in-house support, our experts work to support your complete automation requirements, from design, through implementation and beyond the project.

Turn-key solutions

- Concept design
- Functional specification
- Panel design & build
- Programming
- Installation
- Commissioning
- Training

Technology

- SCADA/HMI
- PLC
- Robotics
- Vision systems
- Servo
- VFD

Automation applications

- Machine safety upgrades
- Legacy PCL migrations
- Quality inspection
- Machine optimization

SOLUTIONS FOR ANY SIZE, SCOPE, OR COMPLEXITY

Systems integration

- System design
- Functional specifications
- Control panel design & build
- Implementation & programming
- Commissioning
- Training

Low voltage technical services

- 309A electricians
- OEM equipment commissioning
- Post project maintenance
- Emergency electrical service
- Maintenance shift coverage

Your Trusted Partner in Power™

- Renewable energy
- Energy efficiency
- Plant expansion
- Electrical engineering services
- Maintenance service contracts
- Distribution systems preventative maintenance

HEALTH AND SAFETY

When it comes to safety, **only zero is acceptable. Zero** accidents at work. **Zero** compromise to prioritizing safety.

Spark Power is a leading independent provider of end-to-end electrical services, operations and maintenance services, and energy sustainability solutions to the industrial, commercial, utility, and renewable asset markets in North America. We work to earn the right to be our customers' Trusted Partner in Power™. In the state of California, we operate under license #533593. In the state of Texas, we operate under license #TECL-34613.
